

**CERTIFICATION BY QUALIFIED PROFESSIONAL ENGINEER**

**Groundwater Monitoring Well Network  
Peg's Hill CCR Landfill**

I have reviewed the updated groundwater monitoring network and well construction details in the vicinity of the Peg's Hill CCR landfill near the Spurlock Generating Station and based on the evaluation presented in the Groundwater Monitoring System and Hydrogeologic Investigation Report Addendum No. 1, I certify that the groundwater monitoring system has been designed and constructed to meet the requirements of 40 CFR 257.91.
